31 March 2026
EMPLID: 0005498968

SPC Clavel Callejas, Carlos Antonio 1632200770 WRJQA1 - Jersey City, NJ 07305

Recommended Award: ARMY ACHIEVEMENT MEDAL

Actual Award: ARMY ACHIEVEMENT MEDAL

Reason: Service

Effective Date: 07 March 2026

Achievement 1: Specialist (SPC) Clavel Callejas served as a Chemical, Biological, Radiological, Nuclear (CBRN) Specialist for the 411th Chemical Company while deployed in support of Operation Spartan Shield. He provided support to the company during seven emergency deployment readiness exercises and a capabilities demonstration to the Commanding General, Task Force Spartan. His technical proficiency and attention to detail were instrumental in the company's ability to successfully execute all assigned tasks, directly contributing to the mission success of the sole CBRN response company in the CENTCOM theater.

Achievement 2: Serving as a member of a site security detail, SPC Clavel Callejas was directly responsible for the physical security of a critical Air Defense Artillery (ADA) site for over 30 days. He expertly safeguarded over \$85M in mission-critical equipment, ordnance, and repair parts for the site's ADA battery. Through the execution of access control operations and security patrols combined with his vigilance and unwavering attention to detail, he ensured zero security breaches, guaranteeing the site's strategic air defense mission continued without interruption.

Achievement 3: SPC Clavel Callejas demonstrated exceptional professionalism and technical mastery by ensuring the maintenance and readiness of over \$2 million worth of vehicles and CBRN incident response equipment. He diligently conducted all preventive maintenance checks and services and strictly adhered to company maintenance standard operating procedures throughout the deployment. He also rigorously enforced safety standards during multiple high-visibility operations, leading to significantly increased unit preparedness with zero losses or safety incidents, ensuring the 411th Chemical Company was continually ready for operations.

Achievement 4: SPC Clavel Callejas supported the development of a decontamination Standard Operating Procedure (SOP) when he recognized there was a lack of standardized procedures for decontamination operations. He coordinated with the 3665th Explosive Ordnance Disposal (EOD) Company to gather input and feedback during the drafting of the SOP to ensure the final document was applicable to both chemical and EOD company operations. This new SOP was immediately implemented, significantly enhancing the 411th Chemical Company's ability to conduct complex decontamination missions.

Additional Information:

Period of Award From: 08/25/2025 To: 02/19/2026
